Our Mission

TAFE encourages students to learn about careers in education and assists them in exploring the teaching profession while promoting character, service and leadership skills necessary for becoming effective educators.

Our Motto

“The Hope for Tomorrow”

History of TAFE

TAFE was founded in 1984 so that students all over Texas would have the opportunity:

1. To learn about the teaching profession, its opportunities, responsibilities, and its important role in our democracy.

2. To explore their interests and abilities in relation to the various fields of teaching.

3. To cultivate the qualities of character, service, and leadership - which are essential in good teachers.

4. To learn how and where teachers receive their training, the cost, scholarships available, number of years required, certification requirements, and standards.

5. To study the lives and influence of great teachers.

WELCOME TO TAFE!

WHY YOU?
Because you love teaching.
Because you are flexible.
Because you relate well to young people.
Because you want students to consider teaching as a viable career.
Because you want to give teaching a good name.
Because you’ve got energy to spare.
Because you are a positive, can-do person.
Because it seems like a good idea.
Because the principal selected you.

WHY YOU?
Because you are good at it!

TAFE needs teacher leaders who have the time to organize, the will to inspire, the energy to encourage, and the desire to make a difference.

BEING THE TAFE TEACHER LEADER MEANS…

Teaching students to lead
Setting goals
Recruiting members
Planning activities
Enjoying the students
Supervising projects
Evaluating results

Hard work
Satisfaction
Laughter
Late Nights
Warm Fuzzies
Growth
Learning

Say YES to TAFE!!
STAY IN TOUCH!

The biggest key to having a successful chapter is staying informed about events, deadlines, updates, and announcements from the state office. Don’t miss out on important information by checking the website often and connecting with TAFE on social media. Encourage your students to do the same!

CHECKLIST FOR STARTING A NEW TAFE CHAPTER

Step 1  Secure approval from school administration. Gaining the support of your principal and CTE director is vital to having a successful chapter. Use this guide as a resource to promote the mission of TAFE.

Step 2  Attend the Teacher Leader Workshop held during the preconference days prior to the FCSTAT Summer Conference.

Step 3  Recruit! Start with students in your classes, then reach out to other teachers who can recommend students who might be interested in a career in education. Establishing a core group of students to serve as an officer team early will provide a solid foundation for your chapter.

Step 4  Register for Educators Rising Membership. Create a Teacher Leader account at EducatorsRising.org. Once your account is created and approved, your students may begin creating their accounts. All TAFE members must be members of Educators Rising to compete and participate in TAFE events.

Step 4  Pay state dues. Dues must be paid prior to participating in your region conference.

Step 5  Draft a Constitution. See the example on page 24.

Step 6  Plan a tentative calendar of activities. Be sure to include projects in each of the seven TAFE project areas. See the sample yearly calendar on page 14 and ideas for TRAFLES projects on pages 18-23.

Step 7  Prepare a budget. You will need to plan ahead to determine how much money your chapter will need and how you will go about earning that money. (See sample budget)

Step 8  Begin preparing for your region conference. Reach out to your region president for details such as the date, location, and cost of the region conference.

YOU ARE OFF TO A GOOD START!
TAFE AS A CTSO

Steps to Ensure that Career and Technical Education Students Participating in TAFE Receive Federal Perkins Support

TAFE is now a recognized Career and Technical Student Organization (like FFA, DECA and FCCLA). This change allows districts to use federal Career and Technical Education funding to support student participation in TAFE professional development activities.

Resources/References:

• Federal Use of Funds Guidelines

• Letter from TEA Recognizing TAFE as a CTSO

• Link to the US Department of Education webpage referencing our national affiliate (Educators Rising) as a Career and Technical Student Organization (CTSO)
  http://www2.ed.gov/about/offices/list/ovae/pi/cte/vso.html

Step 1  Review federal use guidelines and crosswalk these guidelines with planned TAFE professional development activities at the Local, Regional, State and National Level. Prepare a preliminary budget to help determine cost of professional development activities in which your CTE students are planning to participate.

Step 2  Talk to your local CTE Directors and notify them that TAFE is now a CTSO and CTE students participating in TAFE are now eligible for federal funding support for professional development. Reference the US Dept. of Education website link listed above and the letter from TEA.

Step 3  Ask them about district guidelines and procedures for utilizing Perkins money for CTE students. These guidelines should be consistent with the federal use of funds guidelines. District CTE Directors are responsible for administering the district CTE budget. Speak to him/her about the budget that you have created to clearly convey the costs of professional development activities that you have planned for your CTE students.

Step 4  Talk with sponsors of other organizations which are established CTSOs (FFA, DECA, FCCLA, HOSA, FBLA, TSA, SkillsUSA, BPA). Ask them their perspectives about how they manage CTSO funding guidelines and procedures.

Step 5  E-mail the TAFE State Program Director with questions or concerns which you encounter in your discussions with the CTE Director and Principal. We are here to support you.
TAFE AS A CTSO

June 7, 2010

State Program Director, TAFE
1833 South IH-35
Austin, Texas, 78741

Dear Mr. Alejandro Arguello,

The United States Department of Education (USDOE) Office of Vocational and Adult Education (OVAE) announced on March 24, 2010, that it has recognized the Future Educators Association (FEA) as a career and technical student organization (CTSO). It is with great pleasure that I write to welcome the FEA and its state affiliate the Texas Association of Future Educators (TAFE) as the newest CTSO in Texas!

Along with the other CTSOs, FEA, and in turn TAFE, are now an integral part of career and technical education. In Texas TAFE has proven itself since 1984 as a premier student organization, dedicated to providing opportunities for exploration of education careers. By providing competitive and community development opportunities to the students involved in Education and Training courses throughout the state, TAFE has the opportunity to positively influence the lives and careers of young Texans.

Diane Salazar, Director of the Education and Training cluster, will provide TEA oversight for TAFE. Working together, we will continue to strive to attract dynamic and diverse students to explore the education profession. Congratulations to TAFE and its parent organization, the Texas Association of Secondary School Principals on this accomplishment. We look forward to working with you for many years to come.

Sincerely,

Lizette Gonzalez
Deputy Commissioner
Statewide Policy & Programs
Permissible Uses of Perkins Funds

The Carl D. Perkins Career and Technical Education Act of 2006 (otherwise known as the Perkins Act) provides more than $1.2 billion in funding for career and technical education through fiscal year 2012. The act specifies required and permissible uses of these funds for activities at the local and state levels. The following listing highlights some of these required and permissible uses of funds and describes how CTSOs might help to successfully carry out these activities.

State Leadership Activities
This section of the Perkins Act details 9 required and 17 permissible uses of leadership funds. CTSO activities fit in many of these required and permissible uses.

Required Use of Funds
Professional development programs—Each CTSO, as part of its national and regional meeting program, provides professional development opportunities for teachers and Teacher Leaders. To qualify as professional development, workshops and inservice training must be high quality, sustained, intensive, and classroom-focused; help improve student achievement; help teachers stay current with the needs, expectations, and methods of the industry; and help develop rigorous and challenging integrated curricula, among other requirements.

Support for career and technical education programs that improve academic, career, and technical skills of students—CTSOs provide a venue for hands-on, contextual learning of classroom curriculum and help students see the “real world” value of what they study in their academic classes. Students have the opportunity in work settings to use career skills they have learned in the classroom.

Support for forging partnerships among local education agencies, postsecondary institutions, adult education providers, and other entities, such as employers, labor organizations, intermediaries, and parents—CTSOs promote dialogue among relevant groups for the purpose of fostering partnerships and unified support for the career and technical education program.

Permissible Use of Funds
Career guidance and counseling programs—Each CTSO has programs that supplement and complement the curriculum of its specific discipline. Through their work with guidance counselors, CTSOs provide a valuable component to the career guidance process.

CTSOs—Depending on the requirements within a specific state, it is possible that funds may be used to support activities of CTSOs, including travel for chapter Teacher Leaders/students and the purchase of instructional materials. Federal funds granted to CTSOs must be used to improve the career and technical education program.

Education and business partnerships—CTSOs provide students with opportunities to work with local businesses in cooperative programs and through job shadowing.
HELPFUL HINTS FROM OUR NATIONAL ORGANIZATION

Local Leadership Activities
While Perkins funds are distributed to school districts and community colleges through a prescribed formula based on factors such as poverty and population, how the funds are used once they get to the local level is different in every community. The federal law includes several required uses of funds and lists many permissible uses of funds. In reviewing these activities, you will see a broad array of possibilities for ways in which CTSOs can participate in the Perkins Act.

Required Use of Funds
*Strengthen academic and career and technical skills of students through integration of academic and career and technical programs*—CTSO programs enhance both academic and career and technical education coursework. Through hands on, contextual learning experiences, classroom lessons become more relevant for students by providing a “real world” value.

*Provide programs that address all aspects of an industry*—Through job shadowing and cooperative programs, students have the opportunity to learn about varied aspects of an industry.

Permissible Use of Funds
*Involve parents, businesses, and labor organizations in planning, implementing, and evaluating CTE programs*—Parents of CTSO student members frequently get involved as chaperones, event judges, or sponsors of CTSO activities; also, through CTSO programs, students are exposed to business and labor leaders in their communities. A natural consequence of adult/student interaction through CTSOs is increased support for career and technical education.

*Provide career guidance and academic counseling*—The mission of each CTSO includes career guidance for its members.

*Assist career and technical student organizations*—Depending on the requirements within a specific state or local school district, it is possible that funds may be available to support CTSO activities, such as travel for chapter Teacher Leaders and students or the purchase of instructional materials.

This information comes from “Career and Technical Student Organizations: A Reference Guide” (3rd ed.) by Lyn Fiscus and Alisha Dixon Hyslop.
PROMOTING YOUR CHAPTER

More Great Ideas!

• Ask teachers for recommendations of students who have expressed an interest in teaching.
• Advertise in your school newspaper.
• Have a booth at registration at the beginning of the year.
• Create a flier for students and teachers to hand out.
• Send ‘We miss you” cards to those not in attendance.
• Have committees for various activities. Be generous with responsibilities.
• Develop a booklet outlining the group’s program.
• Provide door prizes such as candy at some of the meetings.
• Give recognition to members for jobs well done.
• Hold social events during the year.
• Hold a faculty welcome and reception.
• Publicize what you do.
• Provide interesting programs with good speakers, movies, refreshments, and entertainment.
• Keep new members active.
• Make everyone feel included in the group.
• Hold group “brainstorming” sessions.
• Sponsor an activity for the entire student body.
• Place notices of meetings and activities on chalkboards in classrooms.
• Have new members wear nametags for the first meeting or two.
• Have a fellowship period after meetings.
• Use a point system to encourage active membership and/ or earn privileges.
• Create a webpage highlighting goals and activities.
• Present your goals and activities to the local school board.
• Create a Facebook fan page for your chapter (if school policy allows).
MEETING HINTS

USE AN AGENDA!

Be sure to have an agenda for each meeting. This will make the meeting run smoothly and less time will be wasted. It also assures that everything is considered and nothing is forgotten. The following is a standard “order of business” from which you can write your agenda:

- Call to Order
- Recite TAFE pledge Attendance or sign-in sheet
- Reading and approval of minutes
- Treasurer’s report (placed on file)
- Reports of other officers
- Reports of committees
- Unfinished business
- New business
- Announcements
- Adjournment

HELPFUL MEETING HINTS:

- Start meetings on time
- Follow your agenda
- Write agenda on board or give each person a copy
- Have paper and pencil for each member
- Use parliamentary procedure
- Find a regular meeting place - quiet, well lighted, well ventilated, easy to reach

Have a regular meeting time - once a week, once every two weeks or once a month. If only once a month, be sure to communicate with your members between times (using bulletin boards, notes, announcements, text messages, Twitter, Facebook, website or e-mail).

TAFE Pledge:

As a TAFE member, I hereby pledge to promote positive attitudes regarding all noble aspects of education, to acknowledge the challenging role of the teaching profession, and to provide service and leadership within my school and community.
MEETING MINUTES

Minutes must have the following content:

(A requirement to earn TAFE Outstanding Chapter)

1. Type of meeting (regular, special, called, etc.)
2. Name of assembly
3. Date, time and place of meeting
4. Fact of presence of president and secretary, or substitutes, and quorum
5. Minutes read, and statement of amendment, and/or approval
6. All main motions and disposition of them (also, points of order or appeal)
7. Time of adjournment and name of recorder
8. Signature of Secretary — word “Approved” and the date of approval should be noted on bottom of minutes by secretary

Names of those making motions may be entered, but seconder’s name need not be recorded.

Minutes are a record of what was “done,” not what was said. Minutes should be placed in a permanent record book. A new book or a division should be allowed for each club year.

Sample Minutes of a TAFE Meeting:
